

## Sanding Rules-General Information

The Standing Rules of the American Bullmastiff Association are what used to be termed, albeit incorrectly, the Board Policies. Robert's Rules of Order, Newly Revised, defines them as "...rules 1) which are related to the details of the administration of a society rather than to parliamentary procedure, and 2) which can be adopted or changed upon the same conditions as any ordinary act of the society." "Standing Rules generally are not adopted at the time a society is organized, but individually if and when the need arises..." A standing rule can be adopted by a majority vote at any business meeting without previous notice. Although such a rule remains in effect until rescinded or amended, it does not bind future sessions if a majority desires to suspend it temporarily for the duration of a particular session." Simply put, standing rules are the governing rules for the Association.

The standing rules found here are a compilation of those policies in the former Policy Manual which still have relevance to the Association, as well as new rules adopted by the 1992-1993 ABA Board of Directors. The purpose of these rules is for guidance and delineation of responsibilities of the Officers and Board committees between meetings of the Board of Directors. Standing rules may be rescinded or permanently amended by a two thirds vote of the Board.

## Board of Directors

Mailed votes must be received by the Secretary within a three week time limit in order to be counted. The "yes", "no", "abstention" and "non-voting" on all motions, are to be reported by name and published in the following Newsletter.

The Association shall maintain \$1,000,000 General Liability Insurance.

The geographical area of the Association shall be divided into the Eastern, Mid-Western, Southwest and Southeast regions. The Annual Meeting/National Specialty and the Semi-Annual Meeting shall not be held in the same region in the same calendar year.

The Board of Directors shall establish advertisement cost for the Bulletin advertisement by majority vote at the first regular Board meeting after the Annual Meeting.

The American Bullmastiff Association is an association of individual members; therefore, the Board of Directors has no jurisdiction or responsibility for the action or non-action of a regional club. However, the Board may withhold approval for Association sponsored events to be hosted by a regional club as the Board deems necessary.

### **Gazette**

The AKC Gazette Bullmastiff Column Editor has been chosen by the ABA Board to represent our breed because of his/her recognized expertise in bullmastiffs. It is a rare opportunity to discuss important issues and share valuable experience with other fanciers, judges and influential individuals. The Column Editor is given permission by the Board to exercise discretion in developing and accepting material for publication. Many people outside the club, and even outside the breed, will read the column, so articles should be written with the entire audience in mind.

The Breed Column Editor serves as the official liaison between ABA and the AKC Gazette while representing the bullmastiff breed to the rest of the fancy. It is understood that, when discussing a potentially controversial topic, the Editor will be fair and objective and will avoid club politics, promotion of individuals or factions or complaints about any individuals (judges,

handlers, exhibitors or dogs). As the AKC Gazette discourages reports on National Specialties, the Column Editor will leave coverage of this important ABA Event to other publications.

The Column Editor will work to avoid duplication and so will not include any information specific to ABA members that will be published in the ABA Newsletter or Bulletin, but will take advantage of the opportunity to best mentor and educate the readership on the wider bullmastiff breed issues. No ABA publication or ABA sponsored piece of writing shall include any opinion on veterinary matters by a non-veterinarian without a serious disclaimer. The Column Editor will recommend that readers consult with professional veterinary authorities when appropriate. When using a guest columnist, the Column Editor will provide a statement signed by the guest columnist acknowledging that the article was written for the column. This “permission to publish” statement can be a simple, brief email sent directly from the guest writer to the Column Editor. When using a guest columnist, the Column Editor will provide a very brief introduction to the writer at the beginning and a “thank you” at the end of the column.

Since many ABA members do not subscribe to the AKC Gazette, the ABA Bulletin Editor is encouraged to use the previously published Gazette breed columns in each of its publications in order that the ABA membership benefit from all available information on the breed. The column should therefore be provided to the Bulletin Editor in a timely and regular fashion. The Bulletin Editor must request written permission from the Gazette Columns Editor in order to reprint a column, providing the title of the column and date of publication. When published in the Bulletin a notation that permission was provided as requested by AKC should be printed with the name of the column and the date of publication. If a publication other than the ABA Bulletin or Newsletter would like to reprint the column, permission must be obtained from the Column Editor and the publication must print an acknowledgement of the article’s source (AKC Gazette, month and year of issue).

Deadlines to the AKC Gazette must be adhered to. Because of the printing arrangements of AKC, columns not received by the deadline MAY NOT BE PUBLISHED in the designated issue. If an unexpected emergency arises, the Bullmastiff Breed Column Editor will email the AKC Gazette Editor as soon as possible. The Column Editor is encouraged to have an “inventory column” on file with the AKC to be used if the column is delayed. (07/07 LAW)

### **Futurity**

Futurity is an event held in conjunction with the national specialty. It is similar to a puppy sweepstakes except the nomination process is open only to breeders and co-breeders, all of which must be members in good standing with the American Bullmastiff Association (ABA). The owner(s) and/or co-owner(s) must also be members in good standing with the ABA or be published applicants for membership in the ABA prior to the sixth month birthday of the nominated puppy. Futurity entries must be handled by the owner, co-owner, a member of the owner or co-owner's family, the breeder, or an amateur handler. A professional handler may handle a dog that they own, co-own and are the breeder or co-breeder of record of, provided they are also an ABA member in good standing.

The purpose of the Futurity event is to encourage and reward Bullmastiff breeders. By carefully planning one's breeding program, a breeder is given the opportunity to show, in competition, the quality of animal he or she produces and to be financially rewarded for his or her efforts.

Futurity guidelines are as follows:

#### 1. Nomination

15 All changes made to the Standing Rules shall be dated and initialed by the current secretary.

Changes have been made to these standing rules by the Board of Directors, terms 92-93, 93-94, 94-95, 95-96, 01-02, 03-04, 04-05, 05-06, 06-07, 07-08, 08-09.

| American Bullmastiff Association

A. Litters whelped on or after March 1, 2012 and on or before February 28, 2013 are eligible for nomination. The exception would be a leap year, when nominations must be submitted prior to February 29th. The first nomination must be postmarked prior to the litter being whelped. To nominate a litter, the Litter Nomination Form (PDF) must be completed in full, signed by the breeder and/or co-breeder and sent to the Futurity Chair by postal mail. Include a check or money order, payable to the ABA, for \$50. Foreign registered dogs may sire or whelp an eligible litter providing the breeder and co-breeder are ABA members in good standing. With dual sired litters, the sire must be identified no later than the puppy's six month birthday.

NOTE: ABA National specialty dates are subject to change. In the event that a litter is eligible for two National futurity entries, the breeder of the litter must select which entry they would like to nominate the litter for. The litter will only be eligible for one futurity entry at a national specialty. If a puppy is past its 18 month birthday at a National specialty due to the National specialty being held later in the fall, that puppy will still be eligible for futurity competition and will be entered in the 18 month and over class as specified in the premium list.

B. For individual puppy nominations, the Individual Puppy Nomination Form (PDF) must be completed in full and mailed to the Futurity Chair. If the AKC Litter Registration Number or the AKC Registration Number is not available, there must be documentation as to why and when it will be submitted. The Registration Number must be received by the Futurity Chair immediately upon receipt, but no later than thirty (30) days prior to the puppy's 6 month birthday. A check or money order for \$15 for each individual puppy must be included. This form must be postmarked prior to 12 weeks of age and the decision to continue an individual puppy's nomination is the breeder and/or co-breeder of record.

C. Prior to 6 months, the Six-Month Puppy Nomination Form (PDF) must be completed in full and mailed to the Futurity Chair. A nomination received without an AKC Registration Number will not be accepted. A check or money order for \$10 for each individual puppy must be included. This form must be postmarked prior to 6 months of age.

Note: The futurity guidelines and forms will be included in two newsletters per year. Additional copies are available from the Futurity Chair, at each National Specialty and on the ABA website. The Futurity Chair will accept faxed or electronically transmitted copies of the nomination form with prior notice at his/her discretion. Check or money order for faxed entry(ies) must be postmarked the next day otherwise the entry(ies) will be considered null and void.

The responsibility of meeting all deadlines is (are) the breeder or co-breeder of record and not the owner or the Futurity Chair. No reminders of any kind will be sent.

16 All changes made to the Standing Rules shall be dated and initialed by the current secretary.

Changes have been made to these standing rules by the Board of Directors, terms 92-93, 93-94, 94-95, 95-96, 01-02, 03-04, 04-05, 05-06, 06-07, 07-08, 08-09.

## 2. Processing

Upon receipt of a nomination form, the Futurity Chair will review the form for completeness. If any issues arise, the futurity chair will notify the breeder or co-breeder of record immediately. The Futurity Chair will send the nominating breeder or co-breeder an acknowledgement of the nomination. The Futurity Chair will forward the check to the Treasurer within 30 days. Breeders and co-breeders of record are encouraged to keep and maintain copies of the nomination form(s), checks and acknowledgements for their personal records.

## 3. Exhibition

Divided by sex and by age. The classes are as follows:

- 6 to 9 months;
- 9 to 12 months;
- 12 to 15 months;
- 15 to 8 months;
- 18 months and over (when applicable)

The winner of these classes will then compete for Best Bitch in Futurity and Best Dog in Futurity.

## 4. Winnings

The Futurity funds will be split as follows:

- Forty-five percent (45%) will be divided among the 8 first place winners in each age group.
- Twenty percent (20%) will be given to both the Best Bitch in Futurity and Best Dog in Futurity.
- Fifteen percent (15%) will be retained by the ABA to cover reasonable Futurity expenses including those incurred from superintendent and/or administrative fees.

Given the unusual occasion that the 15% holdback from the accumulated annual Futurity funds is not adequate to cover "reasonable expenses" directly associated with the Futurity, the Board may approve an additional amount to be withheld. The additional amount would be withdrawn from the accumulated annual funds before the winnings allocations.

| American Bullmastiff Association

If there is no entry in a class, then those funds shall be allocated pro rata amongst the remaining classes and to Best Bitch in Futurity and Best Dog in Futurity. These funds will not be allocated to the ABA holdback.

All winnings go to the breeder and/or co-breeder of record.

The Futurity Chair will remain indifferent and impartial to any differences over winnings between breeder and/or co-breeder and the owner.

## 5. Fees

The breeder and/or co-breeder are solely responsible for the payment of any nominating fees without exception. All fees paid are non-refundable regardless of the circumstances. Overpayment at any nomination level will not be granted a refund unless it exceeds \$20.00. Nomination fees are not transferable from one litter to another, nor from one Bullmastiff to another. If the dam of the litter nominated is not pregnant or the fees are postmarked after the due date, the entry will be considered null and void.

## 6. Futurity Entries

The Futurity class is considered a second entry in addition to a regular class for the national specialty. Under the "additional class" section of the entry form, enter "Futurity" along with the proper age category. A dog may not be shown in a non-regular class without entry in a regular class. The entry fee for Futurity is paid from futurity funds so no fee is required from the breeder/owner to the superintendent. Therefore, no entry fee for Futurity is required.

The Futurity Chair will be responsible for verifying an accurate listing of dogs entered for each class and will crosscheck with the superintendent a listing of eligible puppies prior to the publication of the national specialty catalog. The superintendent will be directed to provide the registrant the information regarding the entrant in eligibility. If the entrant protests the discrepancy, the entrant shall immediately notify the Futurity Chair and the Bench Committee will assemble to review the protest. A ruling by the Bench Committee shall be considered final.

## 7. Judges

Judges are to be nominated and elected by the ABA membership. The qualifications are: must have owned Bullmastiffs for at least ten (10) years, have bred four (4) Bullmastiff litters and bred ten (10) Bullmastiff champions.

Judges expenses will be covered as defined in the National Specialty Standing Rules. (LAW 05/07)

## Guidelines for ABA Ad Hoc Committee Disciplinary Hearing

CONFIDENTIALITY: As a member of an ABA Ad Hoc Committee appointed to serve at a disciplinary hearing of charges against another member, you are required to treat these proceedings, information and documents with the utmost confidentiality and discretion. These matters are considered to be held in "executive session" and are not to be discussed with, shared with, distributed to, nor allowed to come into the possession or knowledge of anyone other than the listed members of this Ad Hoc Committee, the Board appointed parliamentarian of record, and the ABA Board through the Secretary. Robert's Rules of Order, Newly Revised (p. 644) under which this Association is governed, requires that the introduction and consideration of all resolutions leading up to a possible trial be held in the strictest secrecy to protect both the rights of the Association and the accused. The names of the committee members will not be divulged, except to those mentioned above prior to the actual hearing date. If you are contacted by anyone other than those individuals, please notify the Board, through the Secretary immediately.

Charges have been filed with the American Bullmastiff Association in accordance with Chapter VI, Section 2. The Board reviewed and discussed these charges and after consultation with two registered parliamentarians, voted to entertain jurisdiction and to refer the matter to an Ad Hoc Committee for a full hearing (trial). After the hearing, this same Committee will decide the outcome and if necessary, will assess any penalties according to Chapter VI, Section 3 & 4 of the By-Laws. This Guide is to assist you in the procedures to be followed during the hearing, in accordance with Robert's Rules of Order, Newly Revised, the AKC Rules, and the ABA Constitution and By-Laws, which hold precedence over both of the former authorities.

You will receive the following materials:

- The Constitution and By-Laws of the ABA
- The charges to be discussed with their specifications
- List of Ad Hoc Committee Members with phone, fax, email addresses
- Pertinent ABA Standing Rules
- AKC Rule Books (if available)
- The AKC video on misconduct at an AKC event also is available through the Secretary
- Robert's Rules of Order, Newly Revised is the parliamentary authority used to govern the workings of the Association but only in the absence of such instruction in the ABA Constitution and By-Laws.

Please secure a copy of this particular book at your local library or University for reference. If you cannot do so, please contact the Secretary, and a copy will be provided for your use. The Secretary will provide the name of the Parliamentarian who will assist and advise on

parliamentary matters during the hearing, however, if you have any parliamentary questions prior to the hearing, please submit them to the Secretary.

#### Before The Hearing:

Contact other members of the committee to determine (1) a Chairman who will serve as moderator for the hearing, and (2) a Secretary who will take minutes of the proceedings. The Committee must (3) decide whether to permit "counsel" to attend the hearing. (a conference call is permitted but at individual expense) It is preferable to so notify both the accuser and the accused at least a week in advance of the hearing date if possible through the ABA Secretary. The ABA By-Laws state "The...Committee shall have complete authority to decide whether counsel may attend the hearing, but both complainant and defendant shall be treated uniformly in that regard" Additionally, Robert's Rules, p. 652 state, "Defense counsel can be attorney(s) or not, but must be members of the society unless the trial body by vote agrees to permit attorney(s) who are not member(s) to act in this capacity" Although permitted, outside counsel is normally not recommended in such matters.

#### At The Hearing:

The Chairman calls the hearing to order and reminds all present that the hearing is in executive session and bears an obligation of secrecy. Those present should only include the members of the Ad Hoc Committee, the parliamentarian, the complainant and the accused. (And counsel for both the complainant and the accused if so allowed by previous vote of the Committee) Witnesses are to be present only when giving testimony and are to be called individually. (Any tape recordings and/or notes used to facilitate the recording of the Minutes or in the deliberations of the Committee must be surrendered to the Secretary immediately at the conclusion of the hearing for destruction. Neither the one who brings the charges nor the accused are permitted to make recordings of any kind)

The Committee secretary reads the preliminary motions relating to the charges and asks if the accused has received a copy of the charges, the notice of the hearing, the notice pertaining to counsel, and then introduces the members of the Ad Hoc Committee.

The Chairman directs the secretary to read the charges and the specifications.

The Chairman asks the accused how he pleads, GUILTY OR NOT GUILTY, to each of the specifications and finally to the charge itself.

| American Bullmastiff Association

If the plea is GUILTY, there is no need for a trial and, after a brief statement of facts from both sides, the Committee proceeds to the penalty to be assessed under the By-Laws of the ABA, Chapter VI, Sections 3 & 4.

If the plea is NOT GUILTY, the Hearing (trial) begins as the Chairman explains the steps and calls for each one in order. Until the completion of the closing arguments, no one is permitted to speak except the Committee, the complainant, and the defense; and they must address the chair except when questioning witnesses. Cross -examination re-direct-examination and re-cross-examination of witnesses is permitted and the witnesses may be called for further testimony if needed. (See RRO, p. 653)

1. Opening statements with the complainant first and accused second.
2. Testimony of the witnesses supporting the charges. Witnesses are to appear individually, must be cautioned as to confidentiality, and should leave the hearing room upon completing their testimony. Those needed for further testimony should be so advised and asked to remain in the waiting area until dismissed.
3. Testimony of the witnesses for the defense. Same rules apply.
4. Rebuttal witnesses on both sides, first for the charges and then for the accused.
5. Closing arguments for both sides.
6. The Chairman asks the accused, the complainant, and any witnesses to leave the room so deliberation may begin. "A trial by the society cannot legally establish the guilt of the accused, as understood in a court of law; it can only establish his guilt as affecting the society's judgment of his fitness for membership. Ordinarily it is impossible for the society to obtain legal proof of facts in disciplinary cases. To get at the truth under the conditions of such a trial, hearsay evidence has to be admissible, and judgment as to the best interests of the society may have to be based on it. Witnesses are not sworn. The persons with first hand knowledge may be nonmembers, who probably will decline to testify...Even members may be reluctant to give testimony against the accused". (see RRO, p. 645) "A member who votes "guilty" should be morally convinced of the existence of this guilt on the basis of evidence heard" (see RRO, p. 655)
7. Penalty deliberation, if guilty of any or all charges and specifications. See ABA By-Laws, Article VI, Section 3 & 4.
8. Committee writes their findings and gives to the Association Secretary. "Confer with the parliamentarian about proper language and format" ...."Its findings shall be put in written form and filed with the Secretary" (Article VI, Section 3, paragraph 2)
9. Secretary notifies "all parties of the decision and penalty, if any". (Ibid)
10. If Expulsion is recommended, at the next Annual Meeting: "The defendant shall have the privilege of appearing in his own behalf though no evidence shall be taken at this meeting. The President shall read the charges and the findings and recommendation,

21 All changes made to the Standing Rules shall be dated and initialed by the current secretary.

and shall invite the defendant, if present, to speak in his own behalf. A two thirds vote of those present and voting at the Annual Meeting shall be necessary for expulsion. If the expulsion is not so voted, the suspension shall stand" (Article VI, Section 4)

### **Government/Public Relations Committee**

The ABA Government/Club Relations Committee was created in order to address a need of the membership to be informed and involved in legislative issues. The committee shall always be subject to the final authority of the Board and ABA By-Laws as it functions. Its primary purposes will be to keep the membership informed via newsletter, email correspondence, and website regarding pending local and national legislation; to suggest to the board current legislation for the ABA to endorse/oppose and then to draft letters of endorsement/opposition to the appropriate legislative bodies/legislators; to educate the membership regarding how to respond to unfavorable legislation and encourage favorable legislation in their communities; to encourage the membership to educate the public on the bullmastiff breed; and to maintain a correspondence with the other breed clubs and AKC on pertinent legislative issues. (7/07 LAW)

### **Working Dog Committee**

The Working Dog Committee shall always be subject to the final authority of the American Bullmastiff Association Board and ABA By-Laws as it functions. The Working Dog Award Program was developed to recognize the outstanding accomplishments of bullmastiffs competing in a variety of canine sports activities. The Working Dog (WD) committee shall provide information on the WD program and WD activities to the ABA membership. The WD committee shall recommend updates to the ABA Board to keep the program aligned with current titling opportunities. The WD committee shall work with the general Awards Chair as appropriate regarding the yearly obedience, agility, rally, tracking and drafting awards.

The WD committee shall include a notice for application submission and deadline in an appropriate issue of the ABA newsletter. Applications for WD awards are to be submitted by the owner to a designated WD committee member. WD award plaques shall be presented at the National to the owner with whom the bullmastiff lives. Awards are available only to American Bullmastiff Association members in good standing.

Awards are presented in two main categories: Working Dog Versatility and Working Dog Performance.

Working Dog Versatility (WDV) awards recognize bullmastiffs that successfully attain titles in several of the following categories: obedience, agility, tracking, rally, miscellaneous (herding/carting), conformation, and temperament. (08/07 LAW)

## Register of Merit Committee

The Register Of Merit was created to honor the bullmastiffs who have contributed with progeny to the breed. It is meant to be of historical importance as well as current for our times. The ROM Committee shall always be subject to the final authority of the ABA Board and ABA By Laws as it functions. The ROM is set up on a point system. A base of different dogs needs to be met first. The base consists of five conformation champions for dogs and 3 conformation champions for bitches. Once that is achieved, points are calculated by also counting ABA approved AKC working titles achieved contributing a point for each title achieved.

Working titles that are honored are meant to reflect the nature of the original bullmastiff. It is a working dog and the core working titles that reflect merit are: Agility, Obedience, and Tracking. Within Obedience, the Graduate Novice title will not count and within Rally, the Rally Novice level will not count. Those titles which are currently recognized by AKC and should not count toward ROM are: Drafting, Flyball, and Herding. Any other titles included must reflect a new and unique canine skill not reflected in the three areas mentioned above. Skills endogenous to other groups, such as Drafting, Flyball, and Herding, are not considered original skills for this breed.

When Agility points are tabulated, a dog may earn credit for only one jump height, whether or not the dog has titled at different heights within the same level of Agility.

Titles which include grouping of earned titles such as versatility or working dog awards do not constitute a unique title and will not be considered in calculating ROM points.

The ROM Committee will continue to present to the AB Board any new AKC titles for possible inclusion in the merit system. The Committee's recommendations are to be guided by whether a skill is new and unique to the true nature of the bullmastiff, but the ultimate decision rests with the ABA Board.

There are to be 4 levels determined by the following points

	Dogs	Bitches
Copper	6	4

23 All changes made to the Standing Rules shall be dated and initialed by the current secretary.

<b>Gold</b>	<b>24</b>	<b>18</b>

ABA membership is not required to be honored but one must be an ABA member in good standing to receive a medallion free from ABA for the level achieved. Membership status of the breeder(s) and owner(s) will be noted in the ROM Record.

One free medallion is given to the ABA member in this order:

- Person with whom the dog resides (if not ABA member then see 2)
- Person who is a co-owner (if not ABA member then see 3)
- Person who is the breeder of record. (if not ABA member then see below)
- Any other ABA members or non ABA member associated with the dog being awarded will have the opportunity to purchase a medallion. This is limited to owners, co-owners, breeders and co-breeders only. The fee for this is set by the ROM committee.

The awards are to be calculated for 12 months. Because ABA National Specialties may be held in September or October, ROM awards will now be calculated for the year beginning on August 1 of one year and ending with July 31 of the next, so that the ROM Committee will have adequate time in which to gather records and process information. The ROM Committee is responsible for calculating and creating records for the previous year's worth of information within a year of awards being achieved.

A certificate will be presented and awarded at each ABA National Specialty. Medallions will not be mailed until all information needed to complete the ROM data on the dog is received by one of the ROM committee members. This is to include information on all get and on conformation and working titles attained.

The goal of the ROM is to preserve the history of the breed. The committee's primary charge is the digitization of the complete ROM record. The immediate goal is to create a source for the public to obtain and view the recently attained ROM awards. With Board approval: 1) The medium of choice will be determined by the ROM Committee, It may be hard copy or digital; 2) the price of this data is to be set by the ROM Committee; and 3) The ROM Committee may include additional information to the ROM record (this may include but is not limited to specialty winners and best in show bullmastiffs.) (01/09 LAW)

24 All changes made to the Standing Rules shall be dated and initialed by the current secretary.

Changes have been made to these standing rules by the Board of Directors, terms 92-93, 93-94, 94-95, 95-96, 01-02, 03-04, 04-05, 05-06, 06-07, 07-08, 08-09.

The ABA Board charges the ABA ROM Committee to strive to make the Register of Merit as complete and accurate a record as possible, so that no information will be excluded. We feel that to do otherwise would be misleading and not in the best interest of the breed.

However, any individual owner wishing to remove the complete records of their dog from the ABA ROM database and any not yet published ROM records may do so for any reason, provided that they make the request in writing, with all co-owners copied on the request. It is not necessary for all co-owners to agree and the American Bullmastiff Association will not mediate any disputes between owners with regard to ABA ROM records. (LAN 10/09)
